REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is that the prior art of record does not disclose or suggest a process as claimed in which the feed is separated into at least two fractions with the first fraction being further processed as claimed and in which the desorbing is achieved by using the second stream from the initial separation and by using the claimed stream from a second fractionation zone.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
